## System Requirement

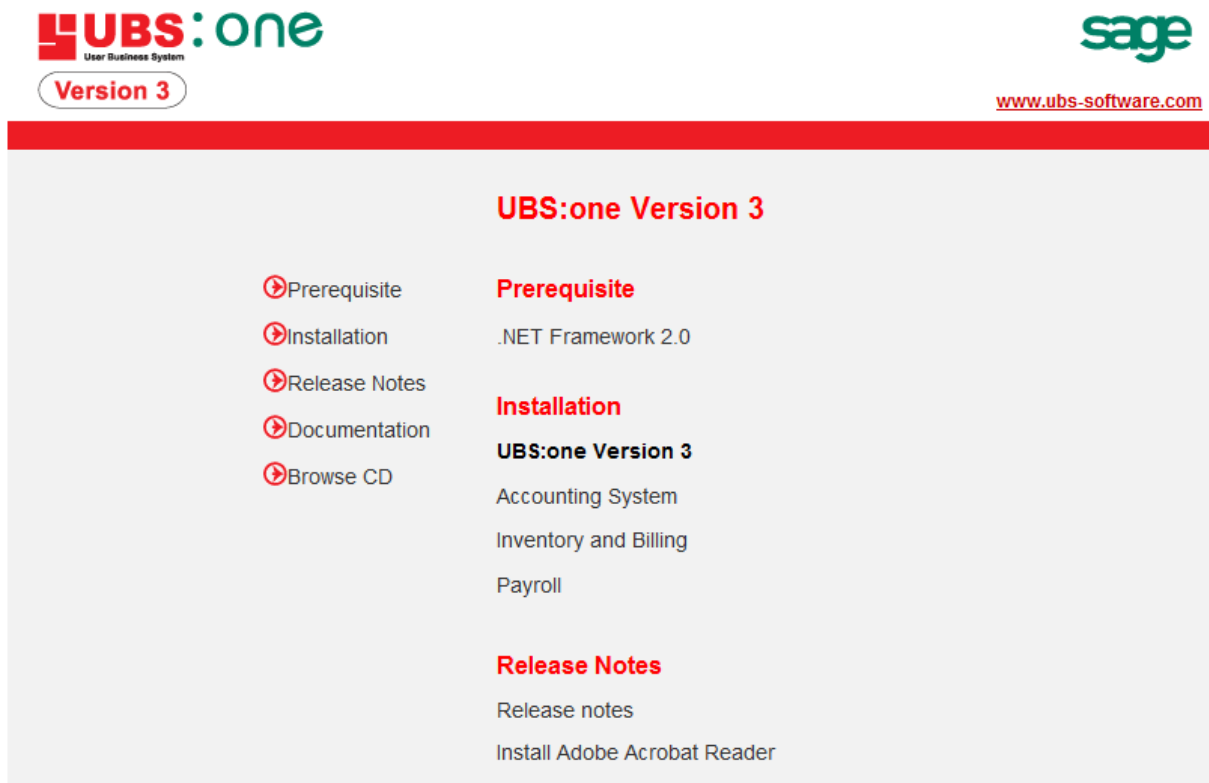

For optimal performance of UBS products, please check through your PC to meet the minimum system requirements as below.

- Intel Pentium IV 1GHz processor or equivalent
- 1 GB of RAM or higher for Windows XP Service Pack2; 2 GB of RAM or higher for Windows Vista
- 800 MB available disk space (100 MB for installation, 200 MB for each data folder, 500 MB for .Net Framework)
- Super VGA (1024 x 768) or higher-resolution video adapter and monitor
- Windows XP Professional with Service Pack 2, Windows Vista
- Network card running on TCP/IP protocol (required for RSS feature only)
- CD-ROM drive (For installation only)
- Windows compatible printer
- Microsoft Excel and Word 2000 or higher
- Microsoft .Net Framework 2

Note: Windows 2000 Pro, Windows 2000 Server below and Windows 98 are NOT officially supported.

## Software Installation

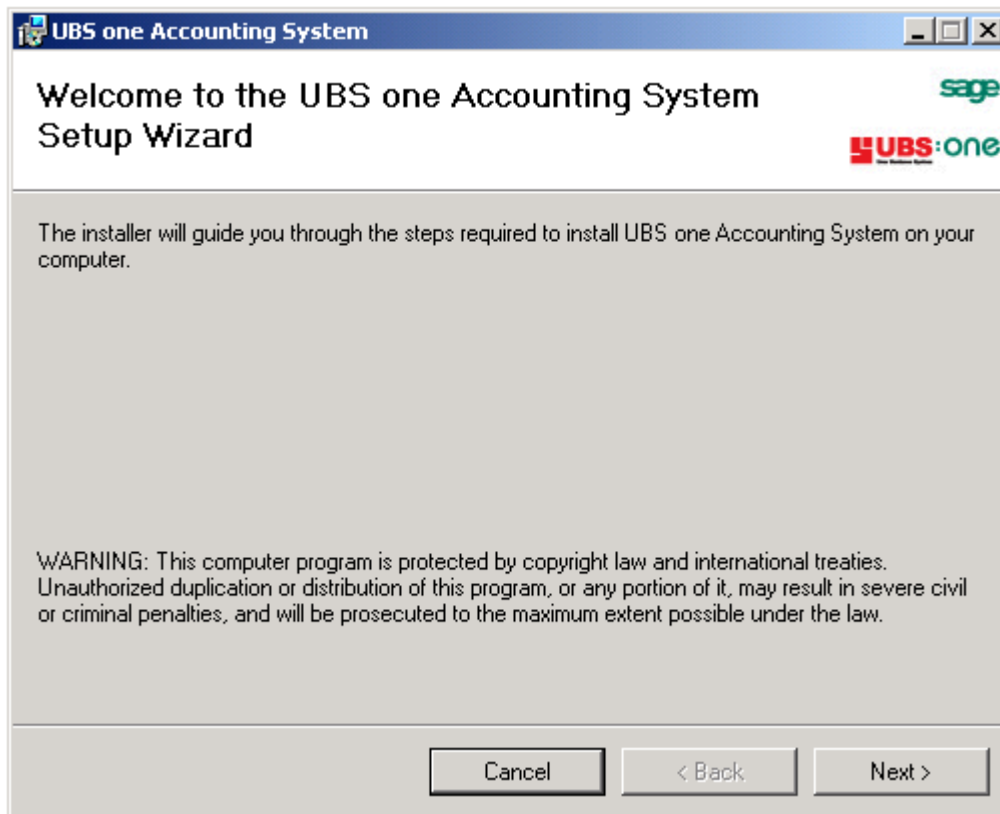

1. Insert the UBS installation CD into the CD-ROM drive and wait for the UBS Software Installation Menu to appear. If the installation menu does not appear automatically, select the CD-ROM drive in **My Computer** or **Computer** and run the **Setup.htm**.
2. In the Installation menu, select the UBS program that you want to install.

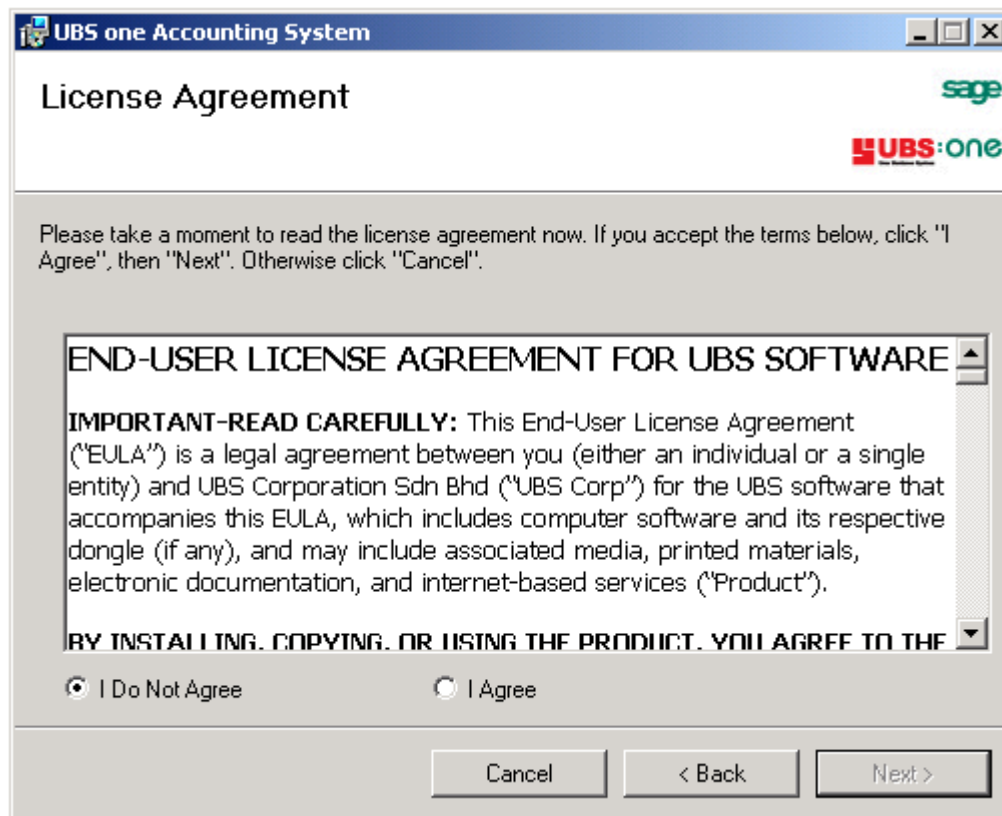

3. Double click on the setup file (.msi).

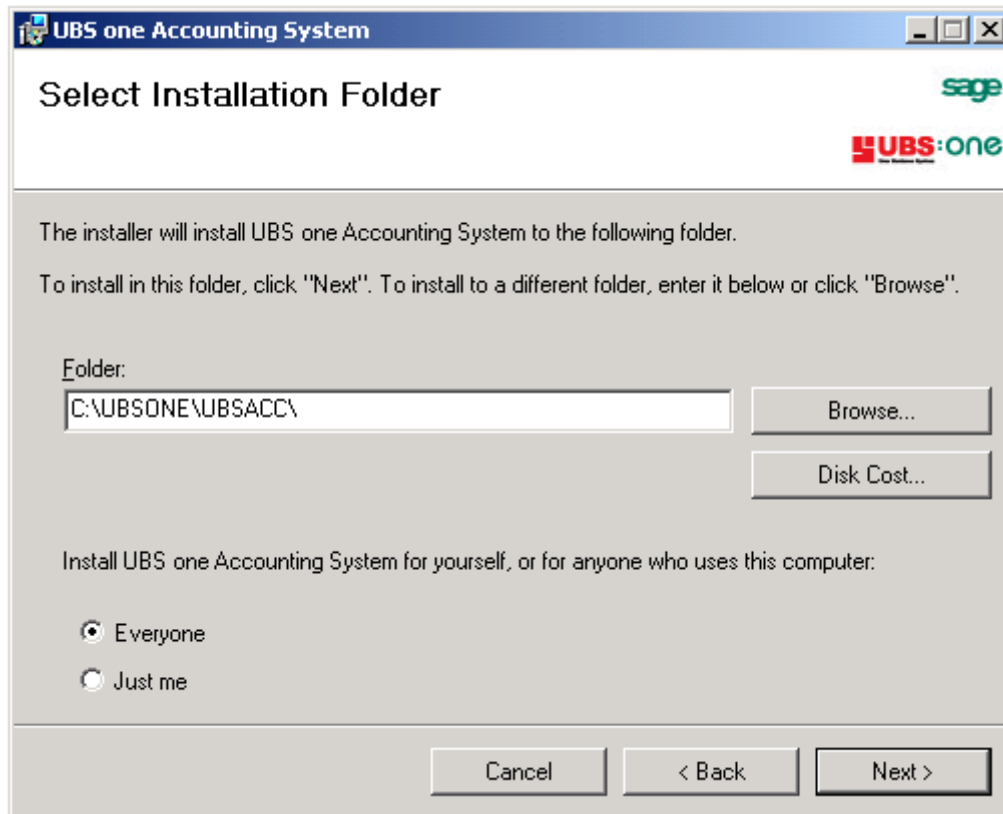

4. After the UBS program has been selected, the installation window will be prompted, and then click **Next**.

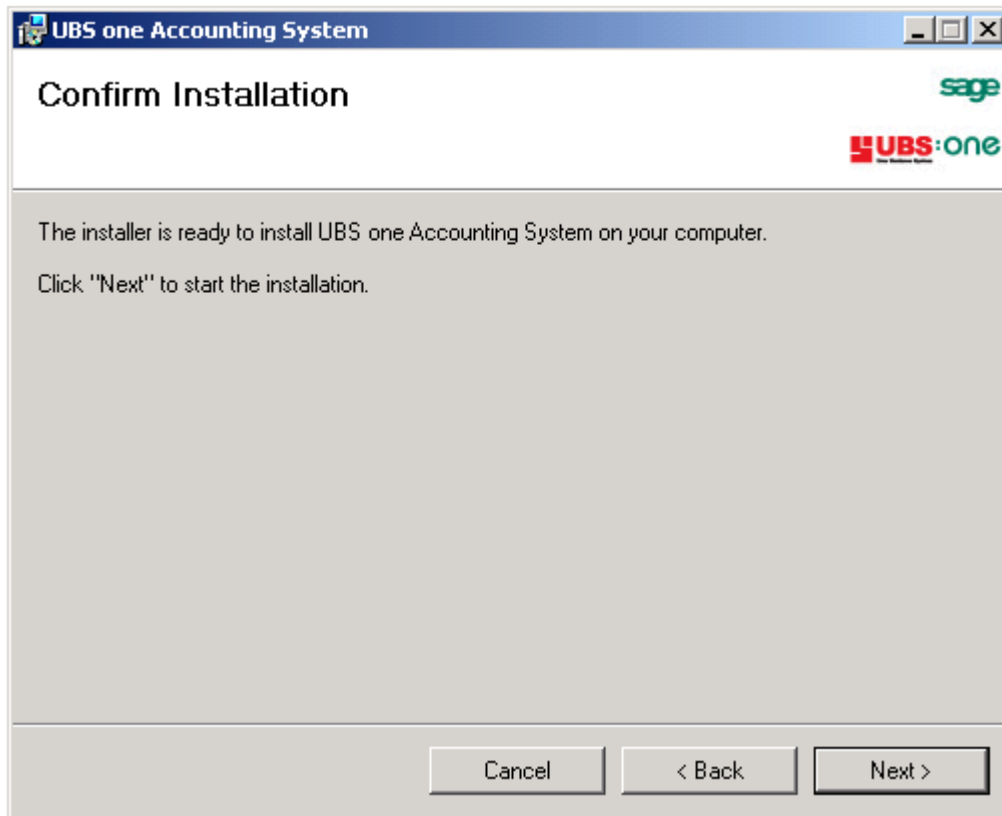

5. On the **License Agreement** page, read and select **I Agree**, and then click **Next**.

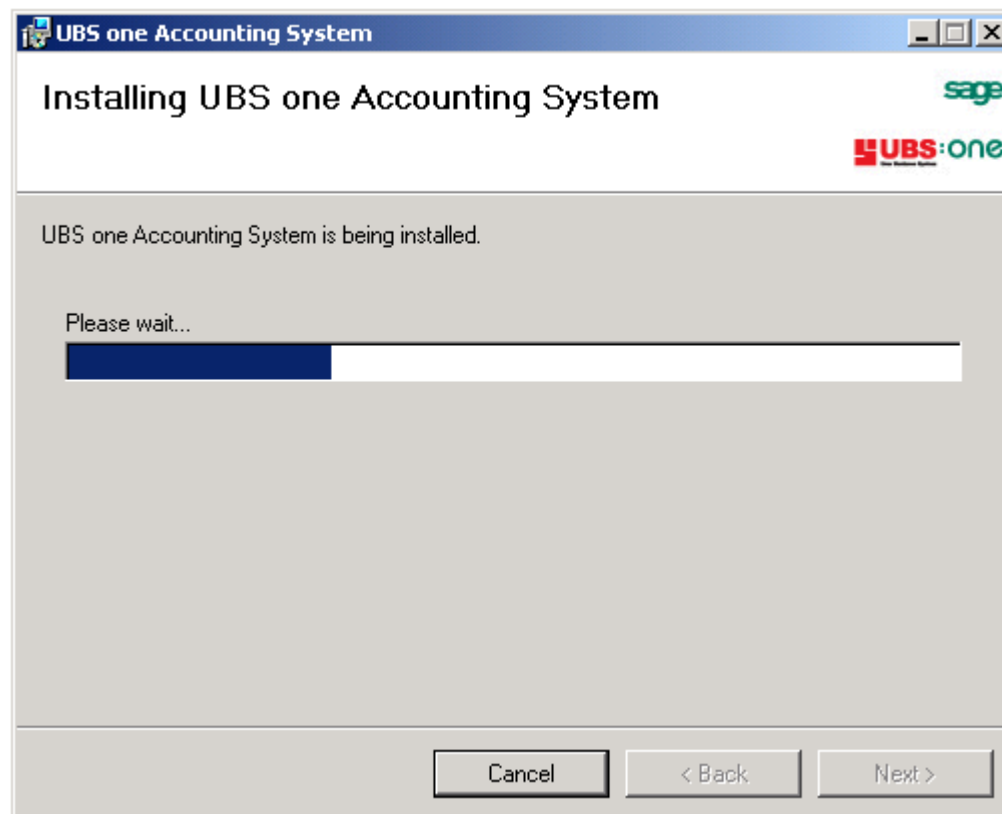

6. On the **Select Installation Folder** page, you can do the following:
- To change the installation folder location, click **Browse**.
  - To view the storage drives whichever disk space is available for installation, click **Disk Cost....**
  - To determine the computer user who is allowed to use the UBS program, select **Everyone** or **Just me**.
  - After the options have been defined, click **Next**.

7. On the **Confirm Installation** page, click **Next** to start the installation.

8. After the installation has been confirmed, the installation will be started.

9. On the Installation Complete page, click **Close**.

After installation, a UBS icon will be created on the desktop.

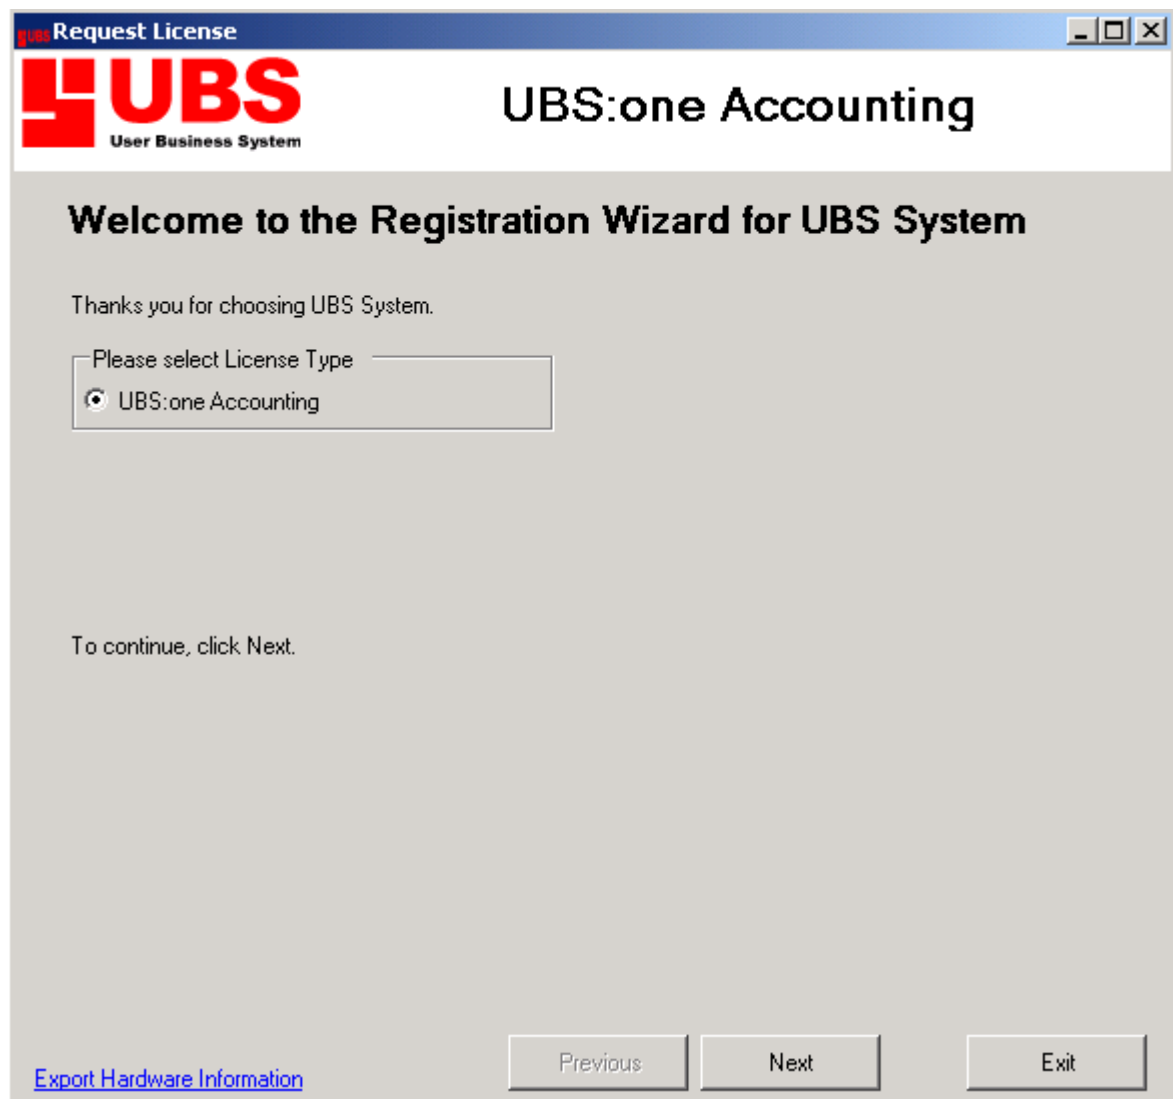

# License Activation Guide

## Generate Request file

1. Log in to UBS system.
2. On **Others** menu, click **Request License**.

3. Select the license type, and then click **Next**.

4. On the **License Agreement** screen, read and tick **"I accept the terms in the license agreement"** to accept the terms and conditions, and then click **Next**.

**Request License**

## UBS:one Accounting

### License Agreement

Please read the following license agreement carefully.

**END-USER LICENSE AGREEMENT FOR UBS SOFTWARE**  
**IMPORTANT-READ CAREFULLY:** This End-User License Agreement ("EULA") is a legal agreement between you (either an individual or a single entity) and UBS Corporation Sdn Bhd ("UBS Corp") for the UBS software that accompanies this EULA, which includes computer software and its respective dongle (if any), and may include associated media, printed materials, electronic documentation, and internet-based services ("Product").  
**BY INSTALLING, COPYING, OR USING THE PRODUCT, YOU AGREE TO THE TERMS OF THIS EULA. IF YOU DO NOT AGREE TO THESE TERMS, DO NOT INSTALL, COPY, OR USE THE PRODUCT; YOU MAY RETURN IT TO YOUR PLACE OF PURCHASE FOR A FULL REFUND, IF APPLICABLE.**  
The Product may include or be bundled or be integrated with other software or products licensed under different terms and/or licensed by a vendor other than UBS Corp. Use of any software or products accompanied by a separate license agreement is governed by that separate license agreement. Any third party software or product that may be provided with the Product is included for use at your option. UBS Corp is not responsible for any third party's software or product and shall have no liability for your use of that software or product.

1. License Grant  
UBS Corp, through its local distribution agents, hereby grants to you, the original purchaser, non-sublicensable, non-exclusive and non-transferable right to install and use this version of the Product and the accompanying documentation, solely for your individual use, subject to the terms and conditions of this Agreement.

2. License Detection  
For those products and versions that not using software license activation codes, a genuine hardware device (dongle) is needed to detect the license of the correct version. Without the right dongle, you may only access to each company's files you have created for a limited number of transactions or a limited period of time

I accept the terms in license agreement  
 I do not accept the terms in the license agreement

- License Edition: Malaysia

At the bottom, there are three buttons: 'Previous', 'Next', and 'Exit'. A link for 'Export Hardware Information' is also visible.

7. On the **Destination Folder** screen:
- To change the request file folder, click **Change**.
  - After request file location has been defined, click **Next**.

- Click **Finish** to generate request file.

- After request file has been generated, "**Request file generated!**" dialog box will be prompted, and then click **OK**.

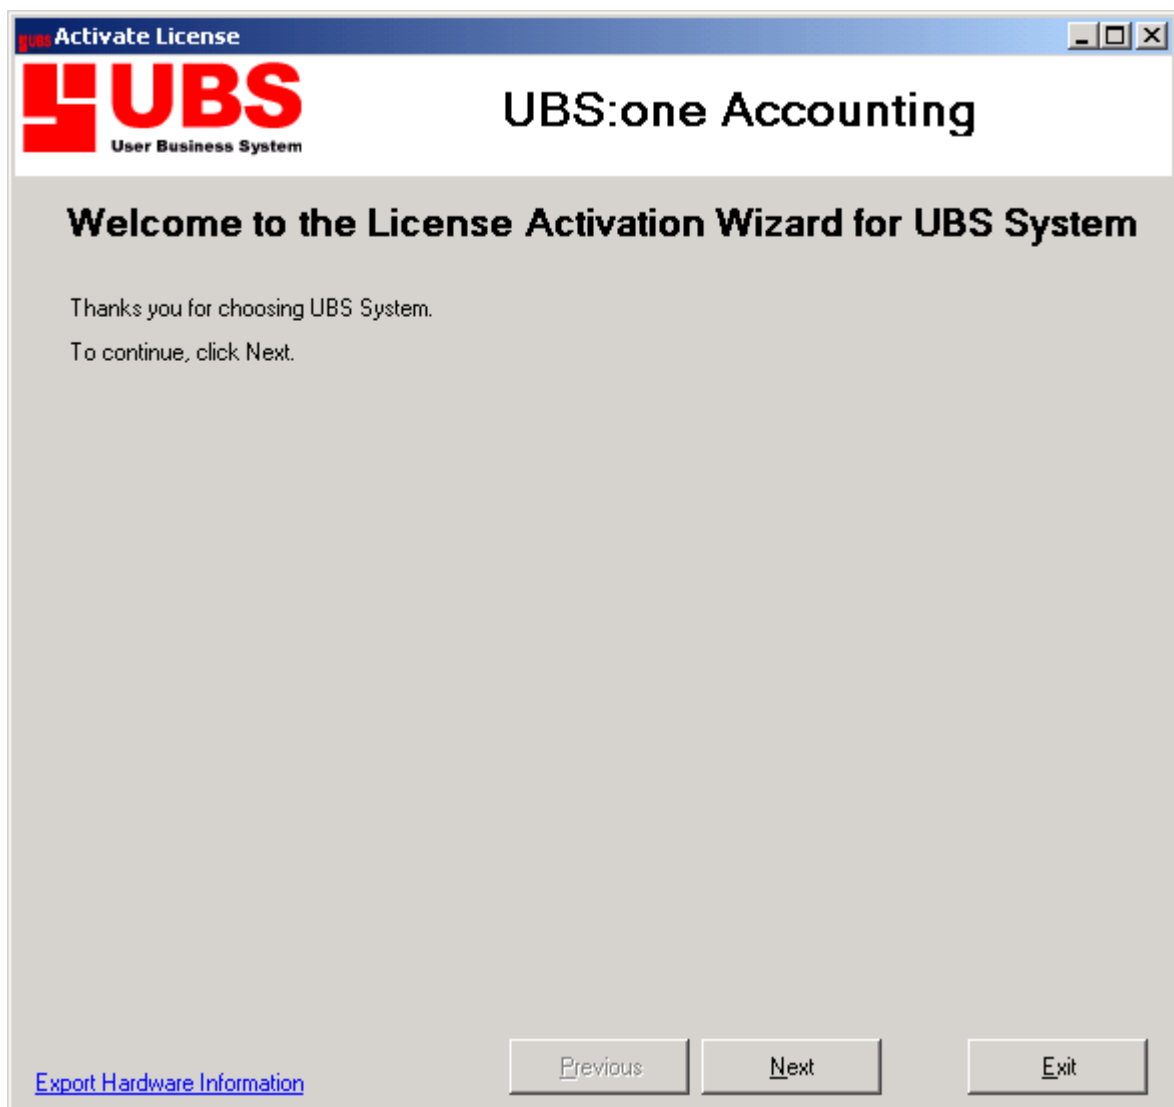

**Congratulation! You have successfully generated the license request file.**

## Activate License File

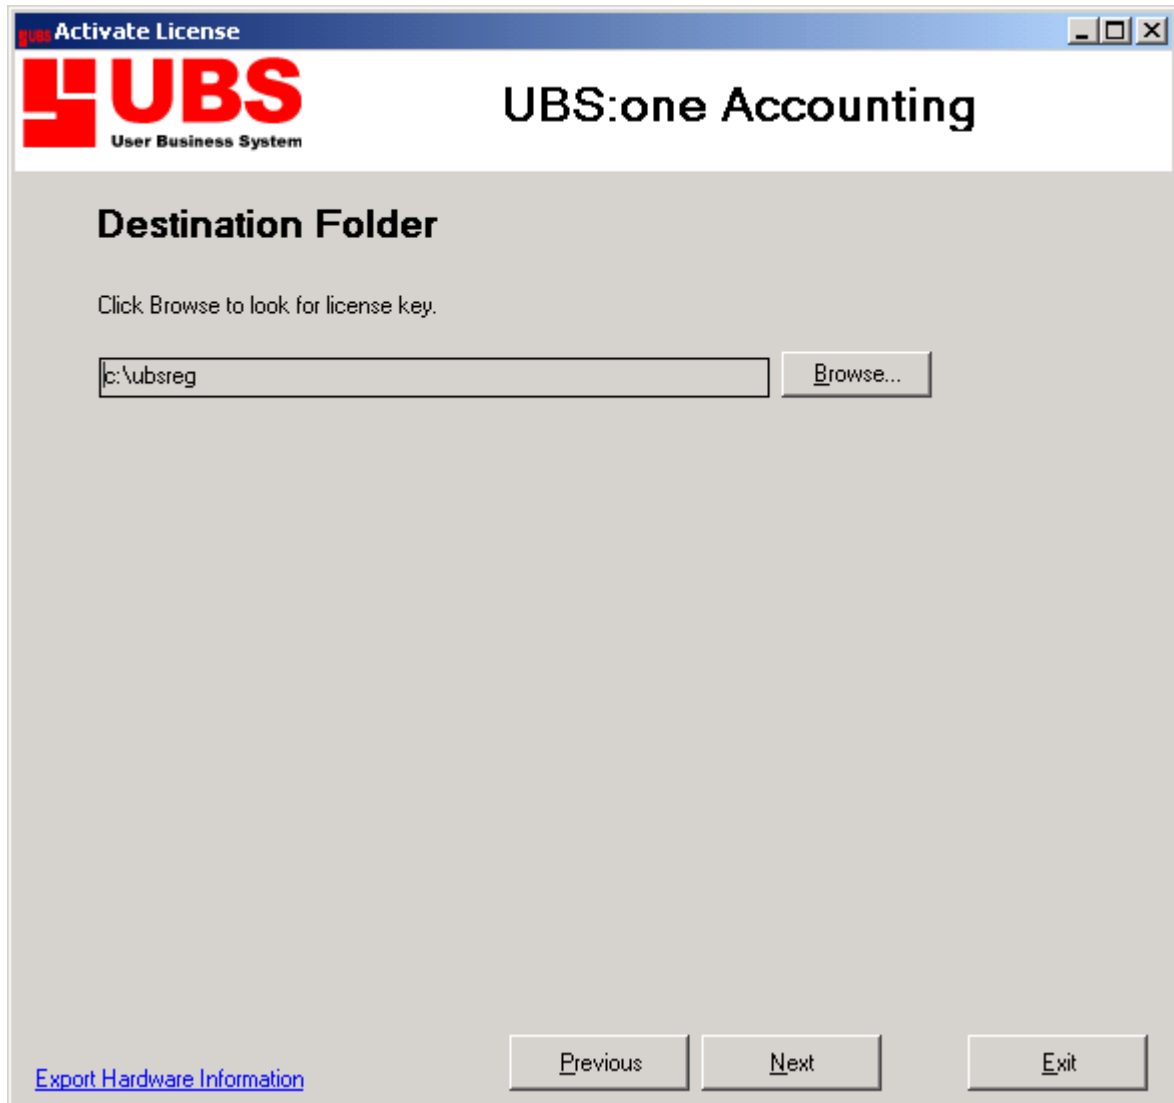

1. Log in to UBS system.
2. On the **Others** menu, click **Activate License**.

3. On the **Welcome to the License Activation Wizard for UBS System** screen, click **Next**.

4. On the **Destination Folder** page:
  - Click **Browse** to select your license file.
  - After license file has been located, click **Next**.

5. On the **Wizard Completed** screen, click **Finish** to activate the license.
6. After the license has been activated, "**License detected successfully!**" message will be prompted. Click **OK**.
